IDENTIFICATION OF DOCUMENT (author, form, addressee, title & length) Memo from [redacted] Chief, Intel Staff to the AD/ORE. Subj: The attached draft memo (not attached). Memo from [redacted] to the AD/ORE. Subject: The Mission of ORE. 25X1A

LOCATION: HS/HC-100D Item 4 ✓

ABSTRACT First memo is a blistering rebuttal to draft memorandum on ORE. Most recommendations and statements in draft are torn down. Mr. [redacted] first takes exception with draft's statement that ORE's Weekly Summaries are not effective. He states OCS's report on summaries reveals just the contrary and in any case draft's whole case rests on a misquote. Ideas presented in draft concerning additional personnel, daily summaries on different levels, summaries exclusively for the President and the NIR, deletion of items by ORE instead of aid and publication of weekly synopses are discussed and discarded. Mr. [redacted] cautions against giving ORE new functions which it cannot handle and states that author of draft should pay more attention to coordination rather than operations. Second memo expresses alarm at functions concerning research given to ORE by NIA Direc. 5. Mr. [redacted] says since personnel is not adequate and functions are not clear ORE is lowered to level of research organization that produces confusion & duplication not efficiency.
